

This END USER SOFTWARE LICENSE AGREEMENT (the "EULA") is by and between CASCADe ENGINEERING, INC. ("Licensor") and the customer ("End User").

1. LICENSE

1.1 All software and associated documentation provided by Licensor to the End User ("Licensed Software") shall be provided subject to the terms and conditions of this EULA.

1.2 Licensor grants to End User, and End User accepts, a personal, world-wide, non-exclusive, non-transferable license to use the Licensed Software (without the right to sublicense) pursuant to the terms of this EULA for End User's own use in accordance with the documentation and manual accompanying the Licensed Software, solely in conjunction with hardware and equipment supplied or approved by Licensor. The license for each copy of the Licensed Software shall be a "single CPU" license. Simultaneous use of any copy of the Licensed Software on multiple processors is prohibited, and the Licensed Software shall not be used to provide processing services to third parties. In the case of a hardware or equipment failure, End User may use the Licensed Software on a back-up system, but only for such limited time as is reasonably required to rectify the failure of the hardware or equipment or request and receive approval from Licensor of the use of replacement equipment or hardware. End User is permitted to make one (1) backup or archival copy of the Licensed Software.

1.3 For each copy of the Licensed Software, Licensor will deliver one (1) copy of the Licensed Software in object code format to End User, along with one (1) copy of the accompanying documentation. The object code of the Licensed Software may, at Licensor's sole discretion, be provided in the form of firmware loaded or embedded in goods delivered to End User.

2. LICENSE FEES

2.1 In exchange for the license granted herein, End User agrees to pay Licensor the annual fee(s) described in the applicable quotation. Any sales, use, excise or personal property or other taxes which may be imposed shall be paid by End User.

3. OWNERSHIP, PROTECTION, AND SECURITY OF LICENSED SOFTWARE

3.1 End User acknowledges and agrees that the Licensed Software contains proprietary and confidential information of Licensor and its third party suppliers and agrees to keep such information confidential. End User agrees not to allow access to the Licensed Software except by its employees or agents and to limit such access to its employees or agents having a need for such access, in keeping with the Licensed Software's intended use as set forth herein and in the documentation for the Licensed Software. Such employees or agents shall have been advised of the confidential and proprietary nature of information contained in the Licensed Software and shall have agreed to protect the same in writing. End User agrees to guarantee the obligations of its employees and agents under this EULA. End User shall use the license granted in this EULA only for its own benefit, and End User shall not use the Licensed Software for the benefit of any third party.

3.2 All right, title and interest in and to the Licensed Software, other than that expressly granted to End User herein, shall remain vested in Licensor or its third party suppliers. End User acknowledges Licensor's superior rights in the Licensed Software and agrees that (i) it will not do anything inconsistent with such superior rights, and (ii) all use of the Licensed Software by End User, and all rights and goodwill arising from the Licensed Software, shall inure to the benefit of Licensor. Nothing in this Agreement shall give End User any right, title, or interest in the Licensed Software, other than the rights expressly granted under this EULA (but subject to the terms and conditions of this Agreement). All appropriate copyright and other proprietary notices and legends shall be retained on all Licensed Software supplied by Licensor, and End User shall maintain and reproduce such notices on any full or partial copies made.

3.3 End User shall promptly disclose to Licensor any and all improvements related to the Licensed Software. End User

acknowledges that all improvements shall be the exclusive property of Licensor, and End User hereby assigns, without compensation, its entire right, title, and interest in and to all improvements. At Licensor's sole expense, End User shall execute all documents that Licensor may deem necessary to assign any right, title, or interest in and to all improvements with respect to the Licensed Software.

3.4 At Licensor's expense, End User agrees to assist Licensor in any manner reasonably necessary to maintain and enforce the Licensed Software and to assist in obtaining any additional protection for the Licensed Software. End User agrees to notify Licensor of any infringement or threat of infringement of the Licensed Software and to reasonably assist Licensor in prosecution of any infringing or allegedly infringing parties. Licensor shall have the sole right and discretion to bring infringement or unfair competition proceedings involving the Licensed Software, including, without limitation, the discretion to determine not to undertake any particular infringement or unfair competition proceedings. End User shall not itself unilaterally commence any legal action of any kind with respect to the Licensed Software.

3.5 End User shall not, and shall not permit others to: copy, translate, modify, publicly display, create derivative works from, reverse engineer, decompile, disassemble, encumber, sell, re-sell, or otherwise use the Licensed Software, except as is specifically authorized under this EULA. Further, End User shall not, and shall not permit others to, attempt or obtain the source code or circumvent any protection devices built into the Licensed Software whose intent is to prevent unauthorized copying or use of the Licensed Software. End User will not provide data processing services to third parties, commercial time sharing, system rental or sharing arrangements, or otherwise allow any third party to use the Licensed Software under any circumstance. Under no circumstances may End User use the Licensed Software, any part of the Licensed Software, or any object or source code of the Licensed Software to develop a competing product, service, or system, for illegal purposes, or in any manner that would expose Licensor to any liability.

4. TERM

4.1 The license granted herein shall become effective upon delivery of the Licensed Software to End User.

4.2 Licensor may terminate this EULA and/or any license issued hereunder: (a) upon written notice to End User if any amount payable to Licensor is not paid within the agreed payment terms and any applicable cure period has passed; (b) if End User goes into involuntary bankruptcy, makes an assignment for the benefit of its creditors, or if its assets vest or become subject to the rights of any trustee, receiver or other administrator; (c) if bankruptcy, reorganization or insolvency proceedings are instituted against End User and not dismissed within 15 days; or (d) if End User breaches a material provision of this EULA and such breach cannot be rectified or is not rectified within 30 days of receipt of written notice of the breach from Licensor.

4.3 Upon termination of a license granted hereunder, End User shall return to Licensor or destroy all copies of the Licensed Software. All obligations of End User arising prior to termination, including, without limitation, those obligations relating to confidentiality and non-use in Section 3, shall survive termination of this EULA or of the license granted hereunder.

5. SUPPORT AND UPGRADES

End User shall receive software support and upgrades for the Licensed Software only to the extent provided for in Licensor's applicable Software and Hardware Support and Maintenance Program then currently in effect, and only upon payment of any applicable fees.

6. WARRANTIES

6.1 Licensor warrants for a period of twelve (12) months from the date that End User installs the Licensed Software as originally shipped to End User that the Licensed Software, when used in accordance with the user manual supplied with the Licensed Software, will operate substantially in accordance with applicable functional descriptions set forth in such manual. If the Licensed Software does not perform in accordance with the functional description, End User's sole remedy shall be to notify Licensor in

writing during the warranty period and return the non-conforming Licensed Software or product to Licensor, and for Licensor to, at its option, (i) replace the non-conforming Licensed Software, (ii) provide a good faith effort to rectify the nonconformity or, or (iii) terminate the license relating to the non-conforming Licensed Software and return to End User the fee for the non-conforming Licensed Software. If after reasonable commercial efforts Licensor is unable to rectify the non-conformity, Licensor shall accept return of the Licensed Software and shall refund to End User all amounts paid to Licensor in respect thereof.

6.2 Any warranty provided herein shall not apply in the event that the (i) Licensed Software or the goods to which it is intended to operate have been modified, changed, or altered by anyone other than Licensor or its third party providers, (ii) the goods on which the Licensed Software is intended to operate have not been maintained in good operating condition, or (iii) End User fails to provide Licensor with timely written notice of the alleged nonconformity or to return the Licensed Software or product in which it is incorporated within thirty (30) days of the notification of non-conformity.

6.3 To the extent they are transferrable, any third party warranties related to the Licensed Software shall be transferred to End User by Licensor.

6.4 LICENSOR EXPRESSLY DISCLAIMS ALL WARRANTIES NOT EXPRESSLY PROVIDED HEREIN, WHETHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, WARRANTIES OR REPRESENTATIONS OF NON-INFRINGEMENT, WORKMANSHIP, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, DURABILITY, OR THAT THE OPERATION OF THE LICENSED SOFTWARE WILL BE ERROR FREE OR SECURE.

6.5 End User acknowledges and agrees that the Licensed Software supplied under this EULA is intended for standard commercial uses and is not specifically designed, manufactured or intended for use or resale in critical applications or hazardous environments requiring fail-safe performance and in which the failure of Licensed Software could lead directly to death, personal injury, or severe physical or environmental damage.

7. LIMITATION OF LIABILITY

7.1 IN NO EVENT SHALL LICENSOR BE LIABLE FOR DAMAGES RESULTING FROM LOSS OF PROFITS, LOSS OF USE, LOSS OR CORRUPTION OF DATA RESULTING FROM MALICIOUS INTENT OR INTRUSIONS BY THIRD PARTIES, VIRUSES, OR ACTIONS OF END USER, INTERRUPTION OF BUSINESS, LOSSES FROM USE OF THE THIRD PARTY SOFTWARE OR HARDWARE, OR ANY INDIRECT, SPECIAL, INCIDENTAL, EXEMPLARY, PUNITIVE OR CONSEQUENTIAL DAMAGES OF ANY KIND RESULTING FROM THE USE OF THE LICENSED SOFTWARE, REGARDLESS OF THE FORM OF ACTION AND WHETHER OR NOT LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGE. IN NO EVENT SHALL LICENSOR'S DAMAGES HEREUNDER EXCEED THE AMOUNTS PAID BY END USER TO LICENSOR WITHIN THE PREVIOUS TWO (2) YEARS FOR THE LICENSED SOFTWARE AS TO WHICH THE CLAIM AROSE.

7.2 End User shall indemnify and hold Licensor harmless from the claims and demands of any third parties arising as a result of the use of End User of the Licensed Software.

8. GENERAL

8.1 Under no circumstances shall either party be liable to the other for any failure to perform its obligations (other than the payment of any monies owing) where such failure results from causes beyond that party's reasonable control.

8.2 This EULA constitutes the entire agreement between Licensor and End User with respect to the subject matter referenced herein and supersedes all prior oral and written communications regarding the same. No alteration or amendment to this EULA shall be valid unless the same shall be in writing and signed by authorized representatives of both parties.

8.3 If any provision of this EULA is held to be invalid, illegal or unenforceable, it shall be deemed severed and enforced to the fullest extent permissible under the law, and the remaining provisions shall continue in full force and effect.

8.4 The Licensed Software may contain freeware or shareware obtained by Licensor or its third party suppliers from one or more third party source(s) ("Freeware Source(s)"). No license fee has been paid by Licensor for the inclusion of any such freeware or shareware, and no license fee is charged to End User for its use. END USER ACKNOWLEDGES AND AGREES THAT THE FREEWARE SOURCE(S) PROVIDE(S) NO WARRANTIES AND SHALL HAVE NO LIABILITY WHATSOEVER IN RESPECT OF END USER'S POSSESSION AND/OR USE OF THE FREEWARE OR SHAREWARE.

8.5 Any notice provided hereunder shall be sent to the party's respective address listed below, or to any other such address as may be specified from time to time. Notices shall be deemed to have been received three days after deposit with a post office when sent by registered or certified mail, postage prepaid and receipt requested.

8.6 No term or provision of this EULA shall be deemed waived and no breach excused unless such waiver or consent is in writing and signed by the party claimed to have provided such waiver or consent. No waiver by either party of any right, failure to perform or of any breach by the other party hereunder, shall be deemed to be a waiver of any other right hereunder or of any other breach or failure by such other party, whether of a similar nature or otherwise.

8.7 This EULA shall be governed by and construed in accordance with the laws of the State of New York. The application of the United Nations Convention on Contracts for the International Sale of Goods is hereby expressly excluded.

8.8 End User shall not, by operation of law or otherwise, assign or transfer this EULA or any rights hereunder, in whole or in part, whether voluntary or involuntary, without the express prior written consent of Licensor.
