a cascade engineering company

Universal 32 Gallon Cart

Cascade Cart Solutions is a symbol of excellence in residential carts. Our carts have performed in the industry since 1989, and are compatible with all ANSI approved semi and fully automated lift systems. Cascade's carts are designed for exceptional performance, durability, and functionality. Backed with a 10 year warranty, Cascade's carts are guaranteed to the highest standards, meeting or exceeding all ANSI requirements for safety, compatibility, and performance.

COMPATIBLE WITH WASTE, RECYCLING AND **ORGANICS**

FEATURES

- **Process:** Injection molded, providing product uniformity
- **Material:** High Density Polyethylene (HDPE) resin, making our carts 100% Recyclable
- **Assembly:** Quick and simple, no tools required with a factory-installed lift bar and snap-on axle and wheels
- **Durability:** Designed for optimal compatibility and functionality with both semi and fully automated lifter systems, including a wear strip to permanently protect the bottom of the cart from abrasion
- **Performance:** Easy handling, excellent balance between stability and maneuverability

SPECIAL ASSETS

- **Cart Art:** Manufactured literature hook under the lid, custom cart colors, hot stamping, and the industry's largest in-mold labels allow you to...
 - › Communicate waste, recycling, or organic program instructions to your customers
 - › Display your company or city logo and serial numbers for traceability
- **Data-Enabled:** This cart is a **SmartCart®**, manufactured with a RFID tag allowing you to...
 - › Assign the cart to a specific location
 - › Generate data on waste, recycling, or organics participation rates in your community
- **Organics Ready:** Factory-installed, leak-proof lift bar and specifically designed overhang lid limits water access and provides greater critter control
